### Report

#### REPORT OF THE PROGRAMME

A special guest lecture of the mathematics association of SF Women was conducted on 1<sup>ST</sup> August 2017 in Hussaindeen hall of our college. The programme was started with Quirt.

Major. N. Abdul Ali, Head of the Department welcomed the gathering and introduced the chief guest.

Dr. Sirajudeen, Head of the Department of French offered his felicitation.

Our chief guest Mr. Paul Andrew Perversi, Professor, Wesley College, Australia, delivered the special lecture on **"APPLICATION OF MATHEMATICS IN OUR LIFE"** which was very informative and useful. 120 students participated and they were highly benefited by his lecture.

#### Professional course program outcomes

- The CMA program in professional course era was just professionally good, they preached to us what CMA means and how worth is it to study and how it will all be worth it in the end when you walk out passing the exam.
- Once you have found sufficient time in your schedule, create yourself an organized weekly study plan. Design it in a way that builds off of each lesson so that you are less likely to procrastinate.
- They also told about the merits of having CMA certification such as business appeal and growth opportunities. i.e., The main benefit of CMA certification is that it is considered to be the best accounting certification for management as it has the perfect amalgamation of business and accounting. In CMA, you learn all about corporate governance and other important business aspects, finance, and accounting concepts, including responsible accounting. Therefore, candidates with CMA certification are allowed to take business decisions or are involved in collective business decisions. Companies trust their business acumen and they are handed important roles in an organisation. This certification makes candidates learn the difference between accounting and accounting that is profitable and efficient. Therefore, if you get a CMA certification, you will have better business appeal.
- The CMA applicant also given a talk how he enjoyed the pleasure of studying CMA "I'm going to be honest with you: becoming a CMA takes dedication – dedication of your time and finances. So are the cost and effort of meeting the Certified Management Accountant requirements worth it?"
- In my opinion, there are so many benefits of the CMA designation, many of which I have had the pleasure of enjoying throughout my career.
- So let's take a look at what makes earning your CMA so valuable, and why this could be a great career path for you!

### Aviation And Hospitality Program Outcomes

- The aviation and hospitality program gave information about the packages in the aviation industry they explained the ideas about aviation. We were motivated to study aviation and they also said the benefits of studying aviation i.e. Aviation study will provide us with an economic footprint of air transport translated into three distinct types of benefits: its contribution to GDP, jobs and tax revenue. The study also measures the benefits of tourism growth enabled by aviation.
- They also explained us what is the future scope in Aviation i.e. The aviation industry is growing quickly, creating opportunities for career growth. According to the Bureau of Labour Statistics (BLS), the aviation manufacturing industry is projected to grow by 10% from 2016 to 2026. This means a lot of new jobs and higher salaries for those in this field. The BLS also predicts a 9% increase in air transportation occupations, including pilots, flight attendants, and mechanics.
- The best way to ensure you have a successful career in aviation is to start early and develop your skills. Aviation schools offer degrees in aviation management, aviation engineering, and pilot training. Many employers also require licenses from the Federal Aviation Administration (FAA).
- For example, pilots must hold an Airline Transport Pilot License or a Commercial Pilot License with an Airline Transport rating. Pilots who want to work for airlines must also pass the FAA Commercial Pilot Written Exam. Mechanics may work as airline service technicians or mechanics at general aviation airports.

### Report

#### Report

We conducted a special lecture for B.Sc. Mathematics students of Men on 27th July 2017 at Mathematics seminar hall. With the help of almighty the programme was started successfully with the recitation of Holy Quran. Major. N. Abdul Ali, HOD (i/c) of Mathematics welcomed the gathering and introduced the Chief Guest of the programme. Dr. S. Ismail Mohideen, Principal of Jamal Mohamed College delivered the Presidential address. Then the honourable Chief Guest Dr. I. Bremnavas, Assistant Professor Department of Computer Engineering and Networks, Department of Computer Science and Information Systems Jazan University, Saudi Arabia, delivered a lecture on "IoT and its Application". 59 students participated and they were highly benefited by his lecture. Followed by the lecture Dr. A. K. Khaja Nazeemudeen, Secretary and Correspondent, felicitated the gathering. Finally, the programme was successfully ended by delivering vote of the thanks.
