21 January 2023

About the Programme

The Department of Mathematics, Jamal Mohamed College, Tiruchirappalli and PSGR Krishnammal College for Women, Coimbatore jointly conducts an Online Awareness Programme on “How to apply for DBT Star College Scheme” on 21.01.2023 for the Educational Institutions functioning across India (Except Tamil Nadu). In this regard, only five participants per Institution will be allowed to participate in this Online Awareness Programme. This programme will address the salient features of the DBT Star College Scheme and its benefits for the development of Infrastructure, Faculty enrichment, Training programmes for students, Strengthening the syllabi and Networking with premier institutions.

DBT's Star College Scheme

Star College Scheme was initiated in the year 2008 by the Department of Biotechnology of the Government of India to support colleges and university departments offering undergraduate education to improve science teaching. The scheme facilitates improvement in the skills of teachers through FDPs, improved curriculum, and practical training to the students by providing specialised access to infrastructure and consumables. The support provided under the scheme strengthens physical infrastructure in laboratories, library, teaching aids and promotes networking with neighbouring institutes. Hands on training, product oriented projects and projects of day to day relevance enhance the interest in students to pursue science at undergraduate level.

Registration details

- Registration is free for all the participants
- You can register for Programme using the google form link:
<https://forms.gle/cYcyaXwr25bHfcd67>
- You are requested to submit the registration form on or before 09.01.2023.
- The selected candidates will be informed through email (with meeting link) on 17.01.2023.
