ACKNOWLEDGEMENT

We thank The Almighty for his blessings to do Geospatial Applications for Nutrition survey and Health Internship.

We wish to express our deep sense of gratitude to **JAMAL MOHAMED COLLEGE, TIRUCHIRAPPALI (AFFILIATED TO BHARATHIDASAN UNIVERSITY)** for having provided this opportunity.

We extend our Gratitude to our Principal **Dr.S. ISMAIL MOHIDEEN M.Sc., M.Phil, Ph. D** Sir who provided us this opportunity and permitted us to do this Internship.

We wish to thank our Head of the Department - Nutrition and Dietetics **Dr. M. GHOUSE BASHA M.Sc., M.Phil., Ph.D** Sir who gave us the opportunity to do this Internship.

We whole heartedly thank our Professors, **Dr. V. KAVITHA M.Sc., M.Phil., Ph.D., NET** Madam & **Dr. J. HARINE SARGUNAM M.Sc., M.Phil.,NET., Ph.D.** Madam for encouraging us to attend this 1 week Internship.

We sincerely thank **Dr. H. SYED JAHANGIR M.Sc., M.Phil., Ph.D** Sir, Associate Professor & Head, Department of Botany, Jamal Mohamed College, Trichy for allowing us to do our Internship.

We express our thanks to, **Dr. BALAGURU BALAKRISHNAN M.Sc., Ph.D., (NET)** Sir, Assistant Professor, Department of Botany , Jamal Mohamed College, Trichy who taught, explained and guided us throughout the Internship patiently.

We thank our **fellow students** to extend their fullest co-operation during the Internship.

GEOSPATIAL APPLICATIONS FOR NUTRITION SURVEY & HEALTH INTERNSHIP REPORT

DATE : 08.01.2024 to 12.01.2024 & 20.01.2024 to 27.01.2024

PLACE: JAMAL MOHAMED COLLEGE – CENTRE OF BIODIVERSITY
INFORMATICS (LAB)

Geospatial Applications for Nutrition survey and Health - Internship was successfully organized by the Department of Botany, Jamal Mohamed College, Trichy on 08.01.2024 to 12.01.2024 & 20.01.2024 to 27.01.2024. 52 students from 1st MSC N&D- A & 1st MSC N&D- B attended for 1 week in 2 batches. **Dr. BALAGURU** Sir taught us on Geographic Information System (GIS), Global Positioning System (GPS), Remote Sensing (RS). He explained us how these components helps in understanding and creating Geospatial surveys. Sir also taught as different terms like Restricted Maps, Aerial Photograph, Ground data collection, GIS model, Server, Data base, Distortion and it's types like Conformality, Distance, Area, Datum, Coordinate system etc. We also learned about 2 types of data that is vector and raster data, Pictorial alignment , Pixel etc

Though it was completely new to us, sir explained us clearly to the point. He showed various examples and maps that enable us to understand deeply. We gained knowledge about resolution, orbits, False colour, Vector formats like line features, Point features , Polygon which helps in entering our collected datas in Map. Sir also taught us on how to analyze Map, ways to extract maps, entering data in maps etc. He demonstrated the data collection & entering process using Open street map (to extract data – free, open source), Google Earth, Quantum GIS Softwares. Sir explained us how various organizations collect data and incorporate them in Maps. He also gave various ideas that connect nutrition & Food service management to Geospatial survey. Those ideas help us to envision our Project ideas more precisely. He also cleared our doubts regarding surveys . He told that his Phd Project was based on Geospatial survey. He encouraged us to take survey for our project. Sir also allowed us to use systems individually (as the lab is well equipped with Computers & Projectors, there were around 30 systems in the lab) and we have extracted & entered datas on Maps using QGIS Software. The 1 week of Geospatial Internship was very useful and enlightening. We learnt both theoretically and practically in this Internship. We were also provided

with certificates at the end of the Internship. We heartfelty thank our Magnanimous management for having provided this opportunity. We also thank our Department of Nutrition & Dietetics for arranging this wonderful workshop for us. We thank the Department of Botany for having provided this workshop to us. At last we thank Dr. Balaguru Sir for teaching about this new concepts and clearing our doubts patiently. Overall it was Informative sessions for all of us.
