JAMAL MOHAMED COLLEGE (AUTONOMOUS), TIRUCHIRAPPALLI – 20**

FIELD VISIT REPORT TO IQAC

Place of visit : Butterfly park, Srirangam, Melur, Trichy
Date : 10.01.2024
Class : I B.Sc., Zoology
Staff in charge : Dr. M. Meeramaideen & Dr. P. Rajasekar
Total No. of Students : 28

Report Submitted by

Dr. M. Meeramaideen

Assistant Professor, Department of Zoology,
Jamal Mohamed College, Tiruchirappalli.

The Programme:

The PG and Research Department of Zoology, Jamal Mohamed College have planned to visit the Butterfly park, located at Melur, Srirangam. Since the students of I B.Sc., Zoology have completed the course Invertebrata which includes also the life cycle of Insects. It was felt imperative that the OBE students must also have experiential learning through this visit. Hence the programme was planned by Dr. M. Meeramaidee and Dr. P. Rajasekar and executed well. Students were showed the great interest and anticipated the visit with enthusiasm.

Our Beloved HOD, has taken sincere effort for giving an experiential learning, He requested the and sought the permission from our Principal. Who inturn accepted and insisted the safety of the students and staff too.

As per the plan by 10.00 am, we departed from the college and reached the station by 11.30am. by bus.

On request to the official of the butterfly park, they waived the Audiovisual show fee. Students payed the entrance fee (Rs. 15/student), the forest department deputed the technical Staff. Ms. Abinaya, who explained well the importance of biodiversity conservation, butterflies in particular.

Students recorded the life cycle of butterfly by wonderful photograph and also their selfies.

This trip was very useful and enlightening to students. Students whole heartedly thanked the College Management, Principal, HOD and staff for their Help and Support.

The Major Outcomes:

1. Unity of students strengthened during travel.
2. Caring of fellow students and cooperation increased
3. Have observed the life cycle of insects directly and gained experiential learning.
4. Understand the importance of Biodiversity
5. Learned the Biodiversity and wild life conservation acts.
6. More over students enjoyed the natural and the serene environment.
