Destyllio and Validictory

The ability of the students to create any thing new is appreciated .The inspiration when established are mostly welcomed by us in providing them the ambience of the.stores. The Students when appreciated reach their heights and the products of creativity increases. The Destyllio a program to exhibit the hidden talents in them. 11 students participated in the programs and set up the store based on their own theme and ensured maximum unity among their group participants .The designiva not only taught to design but coprration among the students and their strength in Unity

Fevicryl Fabric painting Workshop

Painting is an art which creates a pleasure and creativeness in minds. When the painting is appreciated by anyone it creates an enormous joy. We organized a workshop joined with fevicryl to analyse and study the brief ideas of painting. The Fevicryl specialist Mrs. Thulasi Kannan of pidillite industries joined us on 20-12-2018. The number of students participated in the workshop were 9 and they were enriched with different methods and tips in Fabric Painting. Dry Strokes, Wet painting, Shading and many more were taught and the student's created their master piece with her tricks and tips.
