PRAAYER

In the name of allah

The most gracious and the most merciful

By the heaven and the morning star,

And what should make thee know what the morning star is?

It is the star of piercing brightness

There is no soul but has guardian over it.

So let man consider from what he is created

He is created from a gushing fluid which issues fourth from between the ionic and breast bones

Surely, he has the power to bring him back to life

On the day when secrets be disclosed,

Then he will have no strength and no helper

By the cloud which opens out with herbage

It is surely a decisive word

And it is not a useless talk,

Surely they plan,

And I also plan a plan,

So give time to the disbelievers, give them time for a little **while**
