JAMCROP ACTIVITY – UG MEN (2021-2022)

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

Extension activities link curriculum and learning with the community. Every learner is a member of the community where the person is living. JAMCROP programme has been designed to provide the first year students to realize learning experience of coming forward to render a service to needy persons in the community. The expected behavioral outcome of the programme is to make our students to come forward for lending a helping hand whenever they happen to witness persons in distress.

The first year UG and PG students and tutors of 2021-22 themselves have identified, funded and organized myriad activities ranging from distribution of necessities of life to poor, stationeries, wheel chair, educational gadgets and kitchen hygiene materials, training of stitching skills, offering nutrition and health tips, interacting and playing games with abandoned seniors, orphans and blind, teaching and conducting science experiments. These activities were carried out in poor students welfare homes, orphanages, disabled and blind homes, senior homes, schools and road sides in Trichy and native places of first year students. The activities carried out during the year 2021-22 listed below

I am writing this letter to appreciate the JMC Students, who came forward to celebrate the 25th Christmas with our disabled children and elderly people. I appreciate their generosity and helping nature. Their speech and cultural program was very meaningful. They provided hot drink, stationary and sweets. We are very much greatful for your generous help.

Thanking You

JAMCROP ACTIVITY – UG MEN (2020-2021)

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

Extension activities link curriculum and learning with the community. Every learner is a member of the community where the person is living. JAMCROP programme has been designed to provide the first year students to realize learning experience of coming forward to render a service to needy persons in the community. The expected behavioral outcome of the programme is to make our students to come forward for lending a helping hand whenever they happen to witness persons in distress.

The first year UG students and tutors of 2020-21 themselves have identified, funded and organized myriad activities ranging from distribution of necessities of life to poor, stationeries, wheel chair, educational gadgets and kitchen hygiene materials, training of stitching skills, offering nutrition and health tips, interacting and playing games with abandoned seniors, orphans and blind, teaching and conducting science experiments. These activities were carried out in poor students welfare homes, orphanages, disabled and blind homes, senior homes, schools and road sides in Trichy and native places of first year students. The activities carried out during the year 2020-2021 listed below

NEME OF THE ACTIVITY	ORGANIZATION UNIT/ AGENCY/ COLLABORATING AGENCY	NAME OF THE SCHEME	YEAR OF THE ACTIVITY	NUMBER OF STUDENTS PARTICIPATED IN SUCH ACTIVITES
Distribution of basic needs	Jamal Mohamed College (Students of I BBA A & C) at Happy Old Age Home Kajamalai, Trichy	JAMCROP	2020-2021	64+ 56

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

The aim of our Esteemed Institution is to make our students to have a peaceful co-existence with the people and the environment, respecting value system and burgeon into a virtuous human being. We wish to nurture them to become a contributing member of the society.

JAMCROP students (First Year UG and PG students SF-Women- 2020-2021) of all the Departments visited different places in and around the city of Tiruchirappalli and created awareness about helping the needy, differently disabled students, blind children, orphans, etc. in the following schedule by rendering their support economically and organized programmes on various themes.

JAMCROP plays a vital role in creating awareness amongst the future generation.

Respected Sir,

I year B.COM Women students of Tamcrop visited our orphanage. Due to Covid-19, they couldn't spend time with us and they distributed some groceries to our orphanage.

We thank you for arranging this occasion and we also thank your college authorities for providing the opportunity.

Thanking you,

The Students of I B.Sc MICROBIOLOGY from Jamal Mohamed College visited our Orphanage on 20.2.2021 (Saturday) at 11.00 am.

On behalf of AlHudha Orphanage, We would like to thank the Management Committee members , Principal ,Staffs and Students of I B.Sc MICROBIOLOGY (SF- Women) from Jamal Mohamed College (Autonomous), Trichy , for their contribution of stationery items (Note Books ,Pen , Pencil, Eraser) and confectionaries (Biscuits and cakes) . They gave a comprehensive general awareness related to preventive and safety measures of Corona Virus. Apart from that, they also gave tips for Board examination that motivated our students to secure high marks. Our students were delighted and inspired by their talks and activities. We greatly acknowledge such kind of programmes organised by your students and staff in charge Dr.H. Vajiha Banu.

Your support will surely help us to continue in achieving the mission of our welfare centre.

JAMCROP ACTIVITY – UG MEN (2019-2020)

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

Extension activities link curriculum and learning with the community. Every learner is a member of the community where the person is living. JAMCROP programme has been designed to provide the first year students to realize learning experience of coming forward to render a service to needy persons in the community. The expected behavioral outcome of the programme is to make our students to come forward for leading a helping hand whenever they happen to witness persons in distress.

The first year UG students and tutors of 2019-20 themselves have identified, funded and organized myriad activities ranging from distribution of necessities of life to poor, stationeries, wheel chair, educational gadgets and kitchen hygiene materials, training of stitching skills, offering nutrition and health tips, interacting and playing games with abandoned seniors, orphans and blind, teaching and conducting science experiments. These activities were carried out in poor students welfare homes, orphanages, disabled and blind homes, senior homes, schools and road sides in Trichy and native places of first year students. The activities carried out during the year 2019-2020 listed below

JAMCROP ACTIVITY – UG MEN (2018-2019)

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

Extension activities link curriculum and learning with the community. Every learner is a member of the community where the person is living. JAMCROP programme has been designed to provide the first year students to realize learning experience of coming forward to render a service to needy persons in the community. The expected behavioral outcome of the programme is to make our students to come forward for lending a helping hand whenever they happen to witness persons in distress.

The first year UG students and tutors of 2018-19 themselves have identified, funded and organized myriad activities ranging from distribution of necessities of life to poor, stationeries, wheel chair, educational gadgets and kitchen hygiene materials, training of stitching skills, offering nutrition and health tips, interacting and playing games with abandoned seniors, orphans and blind, teaching and conducting science experiments. These activities were carried out in poor students welfare homes, orphanages, disabled and blind homes, senior homes, schools and road sides in Trichy and native places of first year students. The activities carried out during the year 2018-2019 listed below

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

The aim of our Esteemed Institution is to make our students to have a peaceful co-existence with the people and the environment, respecting value system and burgeon into a virtuous human being. We wish to nurture them to become a contributing member of the society.

JAMCROP students (First Year UG students SF-Women- 2018-2019) of all the Departments visited different places in and around the city of Tiruchirappalli and created awareness about helping the needy, differently disabled students, blind children, orphans, etc. in the following schedule by rendering their support economically and organized programmes on various themes.

JAMCROP plays a vital role in creating awareness amongst the future generation.

Trichy - 620 020

Sir,

Twenty Three 1st year Maths students of Jamal Mohamed College have visited our Servite Nala vazhvu illam on 29-10-2018 to spare their time with our aged members staying here. On revealed with the aged all of them told they experience to be with their grand daughters. The students really happy about with the elders and offered certain needs to inmates. We thankful in sending your students (children) to our home.

Thanking you,

With love,

JAMCROP ACTIVITY – UG MEN (2017-2018)

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

Extension activities link curriculum and learning with the community. Every learner is a member of the community where the person is living. JAMCROP programme has been designed to provide the first year students to realize learning experience of coming forward to render a service to needy persons in the community. The expected behavioral outcome of the programme is to make our students to come forward for lending a helping hand whenever they happen to witness persons in distress.

The first year UG students and tutors of 2017-18 themselves have identified, funded and organized myriad activities ranging from distribution of necessities of life to poor, stationeries, wheel chair, educational gadgets and kitchen hygiene materials, training of stitching skills, offering nutrition and health tips, interacting and playing games with abandoned seniors, orphans and blind, teaching and conducting science experiments. These activities were carried out in poor students welfare homes, orphanages, disabled and blind homes, senior homes, schools and road sides in Trichy and native places of first year students. The activities carried out during the year 2017-2018 listed below

Name of the activity	Organization/unit/agency/ collaborating agency	Name of the activity	Year of the activity	Number of students participated in such activities

JAMCROP: (Jamal Mohamed College Community Reach - Out Programme)

The aim of our Esteemed Institution is to make our students to have a peaceful co-existence with the people and the environment, respecting value system and burgeon into a virtuous human being. We wish to nurture them to become a contributing member of the society.

JAMCROP students (First Year UG students SE-Women- 2017-2018) of all the Departments visited different places in and around the city of Tiruchirappalli and created awareness about helping the needy, differently disabled students, blind children, orphans, etc. in the following schedule by rendering their support economically and organized programmes on various themes.

JAMCROP plays a vital role in crossing awareness amongst the future generation.

We place on record our special thanks to all the I.U.G. Class Triers who timely co-operated to complete the programmes fruitfully.

Let us take this opportunity to thank our College Management Committee for their relentless service to nurture our students on the right path.

We feel very proud that Our College guides our students in the path of moral values. We strive constantly to install the qualities in our students to make them responsible citizens of the future.

CLEANLINESS BY OUR STUDENTS:

Cleanliness is both the abstract state of being clean and free from dirt, and the habit of achieving and maintaining that state. cleanliness is often achieved through cleaning. cleanliness is next to god. And may be regarded as contributing to other ideals such as "health" and "beauty".

ROAD CROSSING AND HEALTHY FOOD BY OUR STUDENTS:

Roads consists of one or two roadways each with one or more lanes and any associated sidewalks and road verges. Roads available for use by the public may be referred to as parkways, avenues, interests, highways, or primary, secondary, and tertiary local roads.

Food safety is a scientific discipline describing handling, preparation and storage of food in ways that prevent "food-borne illness". And store food at the proper temperature and do us "safe water and safe raw materials".
