

**TO THE ATTENTION OF ALL STUDENTS OF JAMAL**

We know well that our Government authorities have declared lockdown and directed us to stay safe at home and work from home, due to the prevailing pressures and dangers of the supposed spread of Corona Virus through out the globe.

In this context, we are expected to maintain personal hygiene, avoid social gathering and observe strictly the rules and regulations of curfew imposed by Government for our safety and security of life. Total self-control of citizens, alertness and awareness of Virus-scenario only would bring the critical situation under control.

Under these unfortunate circumstances, all our students are advised to make use of the valuable time at their disposal, for the preparation of forthcoming End semester Examinations - April/May 2020.

Also students are advised to prepare for the competitive examinations using the online portals.

Kindly, feel free to contact your teachers, over phone, by e-mail for any clarifications/doubts - regarding lessons/Project/Subject matter related to the syllabus.

It is further requested to pray Almighty Allah for the forgiveness, Almighty only can save all the human and all creatures throughout the Globe.

Let us hope for the best. Let us cooperate in 2020 to combat COVID-19.
